January 2010

Dear Friend

URGENT ASSISTANCE REQUIRED

A few days before Christmas our church heating system broke down and has not worked since. The heating engineers have informed us that our boilers, which are very old, have come to the end of their natural life. We are now faced with replacing them at a cost of about £19,000. A new and exciting challenge which God has set us for the New Year.

We have known for some time that the boilers needed replacing and it was part of our re-ordering programme. However, we thought they would last a little longer until we had carried out a fundraising programme over the next few years. We no longer have that cushion of time and must act immediately.

As you know the church is used not only by the members of St Peter's but also the wider community for worship and events. Therefore we have decided to hold a GIFT DAY on Saturday, 31st January, to help fundraise towards the cost of replacing the boilers. This is to encourage those who can afford it, individuals, organisations and businesses to give a one-off gift/donation.

I acknowledge it is not the best time to ask for financial help but I wonder if you could consider making this one off gift to St Peter's Church. If you can help, you can either send your gift, made payable to St Peter's PCC, to me at Cornerstone (address above) or bring it into church on Saturday, 31st January between 10:00 am and 3:00 pm.

Yours sincerely

Bill Jackson
Vicar of St Peter's
